Shad,

Consider this email as permission to distribute as you see fit. The computer program is allowed to be distributed to anyone.

Peace,  
Ken Rush

Ken,

Hello. I am taking an Advanced Soil Mechanics class this semester at Penn State and we are going to cover slope stability analysis. I have received permission from Harald Van Aller to utilize STEDwin on a limited basis for the class. He was going to send me a copy of PASTABL along with his STEDwin program for distribution to 4 students. Do I have your permission to distribute PASTABL to these class members?

Thanks,

Shad
